

## **Dr. Del's STEM Math Club**

### **Dr. Del's STEM Math Club is a brand new 21<sup>st</sup> Century Club**

A School Leader's First Question might be.

“What would be the Benefits of Dr. Del's STEM Math Club for our School?”

The STEM Math Club will augment the very positive effects your fine Math Department will have on all of your students who might be interested in STEM (Science, Technology, Engineering, Math).

Your students will now be better prepared for a great STEM University than students who have not had the advantages and benefits of this Club.

This is Especially true for the students who struggle with Math, but might be interested in Science or Engineering if there wasn't a great Math Barrier.

Now in the 21<sup>st</sup> Century there is no longer a great Math Barrier!

Here's why and it's kind of unbelievable until you experience it!

Your students, and math and science teachers, will learn to master the extremely powerful 21<sup>st</sup> Century Free Math Tool, **Wolfram Alpha**, (2009) to solve virtually any STEM Math Problem.

Quick, Easy, and Fun.

Wolfram Alpha is Unbelievable until you experience it!

Your School could become “famous” in your community when people hear about how great your Math Program is empowering your students in STEM.

You will have to start a Dr. Del's STEM Math Club to fully realize its great value to your Students, Parents, and STEM faculty.

**The Good News is that you can start a STEM Math Club for \$0.**

Simply visit: <http://stemmathmadeeasy.org> to learn the details.

Then simply start a Dr. Del's STEM Math Club for your school.

Note: Your Two Club leaders, a Teacher and Student, will be given Memberships at No Cost to evaluate the Club before recruiting other Members.

**I promise you this will be a very Positive Wonderful Transformative Club for your school and all of its constituents!**
